ENVIROTHON TEAMS

wayne county

www.waynecountyNYsoilandwater.org/envirothon/

May 8th, 2017

MONTEZUMA AUDUBON CENTER

At the Wayne County Envirothon teams compete with other student teams from around Wayne County. The Envirothon tests everything learned through Earth Science, Living Biology and Environment. The cool part is that it takes place outside with 5 stations; aquatic ecology, forestry, soils/geology, wildlife and current topic. The winning team takes home a rotating trophy and each member of the team receives a \$100 scholarship to be used towards continuing education.

Teams need to be registered by March 23, 2019
